

Let's help the Earth and the
ReUZ Room

with a

Green Spring Clean!

The ReUZ Room at the Environmental Education Center in Hammond, IN supplies teachers with free materials for craft projects, while diverting these materials from landfills.

Visit www.lcswmd.com/reuzroom.htm for more information.

- As you do your Spring Cleaning in preparation for Passover, set aside items that are on the attached list.
- As you use more eggs than you ever thought possible for Passover, save the cartons. You can also recycle wine bottle corks and other packaging.

Bring your collected recyclables to
Congregation Beth Israel
between April 15 and April 22,
and we will deliver them to the ReUZ Room.

A project of the CBI Social Action Committee
